DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed June 3, 2006 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. It has been placed in the application file, but the information referred to therein has not been considered.
2. The information disclosure statement filed June 3, 2006, fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
 4. Claims 40, and 53-60 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
- It is not clear what is meant by "indications" of pending messages. Therefore these claims are indefinite.

Art Unit: 2618

5. Note that the above rejection was first made in the parent application in the action mailed July 23, 1997, a rejection which the US District Court for the Eastern District of Pennsylvania, in civil action number 03-3138, Agere Systems, Inc. v. Broadcom Corporation agree was valid. Note that the rejection in the parent was overcome by amending the claim to recite "list" rather than merely "indications".
